Tips from the Panel

Tips

These **idyllic campsites** will make you feel like you have escaped Orlando and stepped into the American frontier. They can accommodate everything from small tents to large RVs. You'll love being surrounded by animals, charming trails, great pools, and amazing entertainment.

The cabin interiors have **many of the conveniences of a home kitchen**, complete with a refrigerator, dishwasher, and a full-size oven and range. Many guests here like to prepare home-cooked meals (my friend has even cooked entire Thanksgiving meals during her stays)!

There are **so many fun things to see and do** but it is all pretty spread out... I would highly recommend renting a golf cart* while you stay there. You can rent directly from the campground up to one year ahead of time!

The **Settlement and Meadow Trading Posts** located at the campgrounds have grocery supplies perfect for nights when you want to fire up the outdoor grill for a cookout with the whole family (including your dogs)!

Horseback riding* at Walt Disney World is just so magical. You'll check-in for your ride at the Tri-Circle-D Ranch. You might even see some of Cinderella's ponies that reside there. They are spectacular!
